

## ANNOUNCING...

THE NEW ENGLAND PGA STREAMSONG PRO-AM!

STREAMSONG BLACK

Gil Hanse's Black Course at StreamSong, sits just a mile south of the Red and Blue Courses, with its own clubhouse and its own personality. Reshaped from a decades-old phosphate strip mine that lacking tall spoil mounds, Hanse provided strategic character by building a hidden punchbowl green at nine, dual putting surfaces at 13, incorporating a meandering creek on the par-5 fourth and a lagoon cove to guard the 18th green. Ranked among Golf Digest's Top 100 Greatest Public, it is sure to draw on the imagination of every golfer.

## <u>REAMSONG RED</u>

Simply put, StreamSong Red is like nothing you've ever played. Designed by the legendary team of Bill Coore and Ben Crenshaw-architects of seven designs in the Top 100 in the United States - StreamSong Red is an 18-hole masterpiece. Winding through decades-old sand dunes, lakes, and natural bunkers, StreamSong "is naturally conducive to uncovering great golf holes," says Crenshaw, who himself is a two-time Masters Champion. With its striking landforms, expansive lakes, rolling terrain and stretches of open savannah, StreamSong Red brings drama and strategy into play on each spectacular hole.

## <u>STREAMSONG BLUE</u>

With its multiple elevation changes, fairways navigating wild grasses and deep-water ponds and huge bunkers that roll off of towering sand dunes, StreamSong Blue seems designed by discovery rather than by intention. Created by Renaissance Golf Design's renowned architect Tom Doak-who already has four designs ranked among the top 100 in the world - StreamSong Blue has been equally well received. StreamSong Blue features spectacular terrain, with rises and falls in elevation, and contours that undulate offering some of the most stimulating holes in golf

## HE CHAIN

The NEPGA will be one of the first to play StreamSong's long awaited 4th course, The Chain. Since StreamSong announced the name, logo and initial routing last spring, the Coore and Crenshaw design team have returned to the roughly 100 acre site on several occasions and are taking advantage of every opportunity to showcase the unexpected elevation changes and live oak groves, water features, and sandscapes throughout to create a compelling layout. The duo have made several changes and additions to the original routing. Most notably, the 3,000 yard walking layout now includes 19 holes ranging from 90 to over 275 yards, with a six- and 13- hole loop

SINGLE OCCUPANCY \$3,299

**DOUBLE OCCUPANCY** \$2,799
