Experience	1-3 Years Previous Experience

Overview

Start and end dates (May-October) for this seasonal position can be flexible based on winter employment.

Woodstock Country Club was founded in 1895 and is recognized as one of the oldest courses in the state of Vermont. Both William Henry Tucker and Wayne Stiles designed different courses in Woodstock's early years. The present layout opened for play in 1963 and is designed by Robert Trent Jones, Sr. The challenging 18-hole layout is short by modern standards, though has withstood the test of time and is a favorite among the Vermont golfing community. Woodstock is the former home of Keegan Bradley, and is where he learned the game as a junior. Keegan and his friends return to Woodstock each summer to host the annual Keegan Bradley Charity Classic. This past August, Keegan was joined by fellow PGA Tour players Brendan Steele and Jamie Lovemark.

The Woodstock Country Club is owned and operated by the Woodstock Inn & Resort. Nestled in Vermont's Green Mountains, the Woodstock Inn & Resort is a four-season gateway to New England's heritage and personalized hospitality. Established by Laurance and Mary Rockefeller, today's Inn features fine craftsmanship accented with elegant, artisanal amenities that reflect our authentic Vermont style and service. Resort employees have access to all the resorts amenities including restaurants, spa, Athletic Club, golf course and Suicide Six Ski area.

<https://www.woodstockinn.com>

The Woodstock Country Club plays host to 12,000 rounds in a short summer season. While a Resort Course, the Club also maintains a membership base of 125 members. The members of Woodstock Country Club are passionate members of the local community and active on the golf course. Weekly Men's and Women's association events are an important part of this role. This is a unique and exciting opportunity for a motivated PGA Professional or Associate to expand their skillset within both a resort and private club environment.

Essential Responsibilities

The candidate for this position will have oversight of programs pertaining to Junior Golf, Women's Instruction, as well as Men's and Women's weekly events. The Woodstock Country Club is a customer service oriented operation and this role will have daily responsibilities split between golf shop and bag room service in addition to overseeing weekly tournament and instructional programs. This candidate will work closely alongside the Director of Golf, Golf Shop and Bag Room staff in administering all daily programs.

The Woodstock Country Club is an exciting and enjoyable place to call home. The professional staff is encouraged and asked to play golf regularly in member/staff groups. The VT Chapter PGA runs a first-class weekly series of Pro-Am events and the candidate for this position will have the opportunity to play in as many events as our schedule permits. The ideal candidate should be a motivated individual seeking their own management-level position within the industry. Strong interpersonal and communication skills are a must. Assistance will be offered for those professionals looking to secure winter employment in Florida or elsewhere. Both PGA/LPGA

candidates are encouraged to apply. PGA Class “A” membership is preferred, though this position can be tailored to the right individual still working towards their membership.
