ARTICLE I

Purpose

Section 1.

The NEPGA Tournament Committee shall list, in detail through the use of this document, the conditions for playing specific types of events for the purpose of preventing any misunderstandings as to how each event is to be conducted. NEPGA Tournaments allow our members to compete and develop camaraderie with fellow professionals and encourage goodwill through our Pro-Am Events.

ARTICLE II

Tournament Committee: Definition and Duties

Section 1. Definition

(a) The Chairman of the Tournament Committee shall be appointed by the President on the approval of the Executive Committee. Additional Tournament Committee members shall be selected by the Tournament Chair(s).

Section 2. Duties and Responsibilities

(a) It is the responsibility of the Tournament Committee to adopt specific Rules and Regulations and to conduct the Association's Tournaments in a most practical and professional manner. The Rules and Regulations are subject to revision or amendment by the Tournament Committee whenever, in the judgment of said Committee, such actions are necessary. Any revisions or amendments to the Rules and Regulations must be approved by the Executive Committee.

(b) Once conditions of play are accepted by the NEPGA Tournament Committee, the Tournament must be conducted according to the Section's Regulations for the playing of that specific event.

(c) The Tournament Committee shall distribute a schedule of events. Article X contains the conditions of play, for the purpose of preventing misunderstandings as to how each event is to be conducted. Thereafter, any member of the New England Section who willfully, or through negligence, violates any of the Tournament Regulations shall be subject to disciplinary action by the Officers of the New England PGA, after recommendation by the Code of Ethics Committee. The member will have the right to appeal the decision of the Officers to the Executive Committee, less the Officers who will not be allowed to vote at the appeal or discuss the matter with the Executive Committee. The appeal decision may be further appealed to the PGA of America's Board of Directors, whose decision will be final. Such disciplinary action may include one or more of the following:

1. Imposition of fines not to exceed \$1,000.
2. Revocation of privileges to participate in certain National or Section activities for a limited period of time.
3. Suspension or expulsion from Membership or Registration in the Associate Program.
4. Such other reasonable actions as may be determined by the Tournament Committee.

(d) The Tournament Committee, or their official representative, acting on behalf of the Executive Committee, shall have complete control over each tournament conducted by the Section.

ARTICLE III
Scheduling Guidelines

Section 1.

The Tournament Committee shall formulate an annual tournament schedule of events which will permit full participation by eligible members, and which must be approved by the Board of Directors. Non-NEPGA tournaments that would like to be listed on the current NEPGA Tournament Schedule should pay a minimum \$500 tournament schedule fee. This fee assures that the NEPGA will not schedule a championship event opposite said tournament.

ARTICLE IV
Sanctioned Events

Section 1.

- (b) The individual Chapters within the New England Section PGA shall be required to submit, to the Executive Director, their tournament schedule for approval.
- (c) For an event to be scheduled and sanctioned by the NEPGA, the club serving as the host site must have a PGA Member or Associate Head Professional serving as the resident professional.
- (d) The New England PGA section tournaments are held for the benefit of the Section and its Members.
- (e) All Section Tournament Policies apply to these events.
- (f) When the NEPGA hosts a championship event in the geographical area of a Chapter, neither that Chapter nor any PGA Professionals within it may host an event for NEPGA members that day.
- (g) NEPGA members may not play in or host any other event within the geographic area of the NEPGA during the three days of the NEPGA Championship. (Fine for playing = \$50; fine for hosting = \$500).

ARTICLE V
Site Selection

Section 1.

Selection of the Tournament sites and dates will be allotted on the following basis:

- (a)** Club must not have exclusionary membership policies which discriminate on the basis of race, creed, color, national origin or gender.
- (b)** A Request to host a Tournament must be made to the Executive Director. The Director, in turn, shall notify the applicant whether conditions are acceptable to the NEPGA Tournament Committee. They may include but are not limited to:
 - (i)** Professional's and Club's cooperation and attitude in allowing the use of their Club for conducting NEPGA sponsored tournaments in the past.
 - (ii)** Success of previous NEPGA Tournaments at a specific site.
 - (iii)** Accessibility of location.
 - (iv)** Host professional must be a NEPGA member at the time the event was scheduled

ARTICLE VI

Eligible Professionals

Section 1. Tournament Playing Agreement

It is important that every member of the New England PGA Section who has intentions of playing in any NEPGA sanctioned event be familiar with the Tournament Rules and Regulations adopted by the Tournament Committee. Filing a tournament entry will signify knowledge of these rules as well as those in the Constitution. The Rules Committee has the right to reject, disqualify, or prohibit, any player for a Rules violation, or for any reason that it feels would be detrimental to a NEPGA Tournament. The Rules Committee shall report, in writing to the Executive Director, all infractions of the Tournament Rules and Regulations which has caused any player or team to be rejected, disqualified, or prohibited from the competition.

Section 2 - Classifications

The privilege of participating in the New England Section Tournament Program will be extended to any New England PGA Member who is in good standing, and otherwise eligible and primarily employed in the area required by their classification, at a club or golf facility in the New England Section and who meet the requirements listed in Article V, Section 1, of the PGA of America Constitution, By-Laws and Regulations.

Additionally, any New England PGA Associate who has successfully completed the Level I Checkpoint, who is in good standing, and otherwise eligible and primarily employed in the area required by their classification at a club or golf facility in the New England Section, would be eligible to participate in specified events on the New England Section Tournament schedule as follows:

Events Open to Associates who Have Completed Level One: NEPGA Section Pro-Am events (except for Cape Week/RI Week Pro-Ams and the Pro-Am Championship), NEPGA Stroke Play Series, non-Championship Pro-Pro events, Pro-Lady Invitational, Pro-Junior Invitational, Pro-Senior Invitational, Pro-Superintendent Invitational, Parent-Child Invitational, and Pro-Officer Invitational. Cape Week and RI Week Pro-Ams will be opened up to Associates who have completed Level One if the event is not sold out, and no Class A Members remain on the waiting list.

Associates at any Level may participate in the NEPGA Pro-Assistant, NEPGA Assistants Championship and Assistants Association events.

Events NOT Open to Associates: NEPGA Pro-Pro Match Play Championship, NEPGA Pro-Pro Stroke Play Championship, NEPGA Pro-Am Championship, Cape/RI Week Pro-Ams, NEPGA Senior-Junior Professional Championship, NEPGA Section Professional Championship, NEPGA Section Senior Professional Championship and New England PGA Member Qualifiers for PGA TOUR events held within the New England Section. Cape Week and RI Week Pro-Ams will be opened up to Associates who have completed Level One if the event is not sold out, and no Class A Members remain on the waiting list.

Note: NEPGA Chapters may choose to adopt this Section policy or continue operating under their own Chapter Tournament Rules and Regulations.

Section 3. Exceptions

- (a) New Applicants for membership, who have been passed on to the national office by the NEPGA, are extended the privilege of playing in Sectional Events during their waiting period while their application is on file with the National Office, Championships excluded.
- (b) A NEPGA Member is not eligible to participate in Section Events if he or she has Played in more than four (4) combined All Pro Tour (APT), Women's All Pro Tour, Advocates Professional Golf Association (APGA), Asian Tour, Dakotas Tour, DP World Tour, Epsom Tour (LPGA), European Challenge Tour, European Legends Tour, GPro Tour, JPGA Senior Tour, JPGA Tour, Korn Ferry Tour, Ladies European Tour (LET), LPGA Tour, Outlaw Tour, PGA TOUR Americas, PGA Australia Tours, PGA New Zealand Tours, PGA TOUR, PGA TOUR Champions, Safari Tour, and Sunshine Tour tournaments.

If a player attempts to qualify for an event during the NEPGA tournament season (season is defined as between the first and last events of the calendar year, that are held within Section boundaries) on any of the above tours, that attempt will be included in the four-tournament count.

The following events are not included in the four-tournament count: U.S. Open (including qualifiers), U.S. Senior Open (including qualifiers), the Masters Tournament, the Open Championship, PGA Championship, Senior PGA Championship, Women's PGA Championship, U.S. Women's Open, the Women's Open Championship, Chevron Championship, Evian Championship. *Exception: The current year's PPC champion will be allowed a total maximum of eight (8) tournaments during their winning year only. Reason: the PPC Champion earns exemptions into six (6) PGA TOUR open tournaments with their win, which leaves room for them to qualify for two (2) additional events during the year.

**In addition, a special exemption will be made for any NEPGA Member finishing in the top 15 of the PGA Championship, Top 15 of the KitchenAid Senior PGA Championship and/or the Top 10 of the KPMG Women's PGA Championship. As that would exempt them into the following year's Championship, that member would be allowed a maximum of eight (8) tournaments instead of four (4), for one year only, provided that the member does not transfer into an A-3 classification and/or accept any temporary membership that a respective tour may offer.

Note: An NEPGA Member who has exceeded these limits may compete in Pro-Am Events upon invitation of the Tournament Committee Chair, and may appeal to the Section Board of Directors for additional playing privileges within the Section.

- (c) A PGA Member of a section other than the New England Section may be invited by the host professional, with the approval by the Tournament

The Rules Committee, after consultation with the Executive Director and/or the Tournament Committee Chair, reserves the right to alter the pairings format as deemed necessary.

- (c)** Scorecards that are incomplete or illegible shall not be accepted and will result in the disqualification of the players involved.
- (d)** All scorecards must be turned in immediately at the completion of the round to a NEPGA official in the scoring area.

Section 7. Pace of Play

The following NEPGA Local Rule for Pace of Play is in effect for all tournaments. The administration of pace of play will be handled by the NEPGA Rules Committee. Any appeal of a penalty must be referred to the Rules Committee immediately upon the completion of the round and its decision shall be final.

(i) Definitions:

(a) Maximum Allowable Time: The maximum time that the Committee considers necessary for a group to complete its round. This is expressed in a per-hole and aggregate time format on the pace of play chart on official scorecards and/or posted on the starting tee. A group's maximum allowable time begins at its assigned tee time, or if the tee time is delayed, at the adjusted tee time. Time associated with playing the game, such as course difficulty and walking time between holes, is included in all maximum allowable times.

(b) Out of Position: A group is out of position when it has completed a hole (meaning that the ball of the last player in the group to hole out has been removed from the hole) later than the maximum allowable time given, and:

1. Reaches a par-3 hole that is clear of play and all players in the group in front of them have played their strokes from the teeing area of the next hole.
2. Reaches a par-4 or par-5 hole that is not clear of play but that becomes clear of play before all players in the group have played their strokes from the teeing area.
3. Reaches a par-4 or par-5 hole that is clear of play.

Note: If a ruling or some other legitimate delay occurs that causes the group in question to be out of position, that group is expected to regain its position within a reasonable time.

In stroke play events, players are both allowed and encouraged to play out of turn ("ready golf") in a safe and responsible way under Rule 6.4b(2) at any time, but especially when their group is out of position.

(ii) Excessive Shot Time

If any player is observed by the Committee taking more than 120 seconds to play a shot without a valid reason, they will be notified of the excessive shot time and advised that the Committee may decide to start timing that player at any time, even if the group is not out of position.

(iii) Timing

When the Committee determines that a group (or individual) will be timed, all players (or a specified individual) in the group will be notified.

Except on the Putting Green, the timing of a player's stroke will begin when it is the player's turn to play and the player can play without interference of distraction. Time spent determining yardage and other conditions (such as wind) will count as time taken for the next stroke.

On the putting green, the timing of a player's stroke begins when it is the player's turn to play, the player can play without interference of distraction, and after the player has completed the actions allowed under Rule 13.1, provided the player is not unreasonably delaying play. Time spent surveying the line of putt from any angle will count as time taken for the stroke.

A player is permitted a maximum of 40 seconds to play a stroke, and an extra 10 seconds (for a total of 50 seconds) will be permitted for the first player to play:

- a. A stroke on a par-3 hole
- b. A second stroke on a par-4 or par-5 hole
- c. A third stroke on a par-5 hole
- d. A stroke around the putting green
- e. A stroke on the putting green

Any player in a group being timed who exceeds the maximum allowable time to make a stroke will be informed as soon as possible.

The Committee will not advise a group that it has regained its proper position on the course and is no longer being timed.

Note: The Committee reserves the right, at any time, to time a group when it is considered necessary. Further, if the Committee determines a player to be unreasonably delaying play (including by taking an excessive shot time), the player may be timed individually at the Committee's discretion regardless of whether the group is out of position. Players should also be aware that the Committee may assess a "bad time" to a player in a group that is out of position if the player makes no effort to help the group get back into position. An example of this would be a player who is unreasonably delaying play between shots or holes.

(iv) Pace of Play Penalties

"Bad times" are carried through for the entire round, and in multi-round tournaments, for the entire tournament. For example, a player who gets a "bad time" in round one (a warning) will get one penalty stroke if they get a second "bad time" either later in round one or during any subsequent round. The following are the penalties, in sequence, for any player being timed who takes more than the maximum allowable time to make a stroke:

- 1st bad time exceeding the maximum allowable time: Warning
- 2nd bad time: One penalty stroke
- 3rd bad time: Additional two penalty strokes
- 4th bad time: Disqualification

-New England PGA Rules Committee-

Section 8. Discontinuance of Play

(a) The policy for discontinuance of play shall be consistent with Rule 5.7 in the USGA Rules of Golf. The Rules Committee has the authority to order discontinuance of play due to weather conditions. The decision to resume play, postpone any part of it or cancel play entirely rests with the official in charge.

Suspension of play will be designated by:

Dangerous Situation: One prolonged siren/horn note. When play is suspended for a dangerous situation, if the players in a group are between the play of two holes, they shall not resume play until the official in charge has ordered a resumption of play. If they are in the process of playing a hole, they shall discontinue play immediately and shall not thereafter resume play until the official in charge has ordered a resumption of play. All practice areas shall be closed during suspension for a dangerous situation until the official in charge has declared them open for use.

All Other Situations: Three consecutive siren/horn notes, repeated.

Resumption of Play: Two short siren/horn notes, repeated.

NOTE: Players should be aware of their right to stop play at any time if they reasonably believe there is danger from lightning, even though no signal for discontinuance has been given or heard. In such a case, the player must report to the Committee as soon as possible.

(b) The following Rain-Out procedures will apply for all Championships:

1. One Day, 18-Hole Competitions: The event may be rescheduled at a later date.
2. One Day, 36-Hole Competitions (Same Course):
 - (i) One round rained out: Tournament reverts to an 18-hole event with final results being based on the results of the round completed.
 - (ii) Both rounds rained out: The event may be rescheduled at a later date.
3. One Day, 36-Hole Competitions (Different Courses):
 - (i) One round rained out: Tournament reverts to an 18-hole event with final results being based on the results of the round completed. Note: in this case, the Tournament will award Co-Champions for the low scorers at each site.
 - (ii) Both rounds rained out: The event may be rescheduled at a later date.
4. Two Day, 36-Hole Competitions (Same Course):
 - (i) First day rained out: Tournament reverts to an 18-hole event, the second round to be played as scheduled.
 - (ii) Second day rained out: Tournament reverts to an 18-hole event, final results being based on the results from the first round.
 - (iii) Both Days Rained Out: Tournament may be rescheduled at a later date.

5. Two Day, 36-Hole Competitions (Different Courses):

- (i) First day rained out: Tournament reverts to an 18-hole event with the second round to be played as scheduled.
- (ii) Second day rained out: Tournament reverts to an 18-hole event with the final results being based on the results of the first round.

NOTE: In either case above, the Tournament will award Co-Champions for the low scorer at each site.

- (iii) One of the two courses becomes unplayable on day one: All play will continue as scheduled for the one course. Tournament reverts to an 18-Hole competition.
- (iv) One of the two courses becomes unplayable day two: Tournament reverts to an 18 Hole event with the final results being based on the results from the first round.

NOTE: The Tournament will award Co-Champions for the low scorer(s) at each site.

- (v) Both Days, Both Courses Rained Out:
Tournament may be rescheduled for 36 Holes at a later date.

6. Three Day, 54 Hole Competition (Same or Two Courses on different days):

- (i) One Day Rained Out or Unplayable: Tournament reverts to a 36 Hole Event with the remaining round(s) to be played as scheduled. In the event that the Final Round is rained out, the results will be based on the results of the two rounds completed.
- (ii) Any Two Days Rained Out or Unplayable:
Tournament reverts to an 18-hole event.

7. Three Day, 54 Hole Event (Different Courses played concurrently):

- (i) Day 1 Rained Out or Unplayable: Tournament reverts to a 36 Hole Event with the remaining two rounds to be played as scheduled for rounds 1 & 2.
- (ii) Day 2 Rained Out or Unplayable: Tournament reverts to a 36 Hole Event with the Final Round to be played as scheduled for Day 2.
- (iii) Day 3 Rained Out or Unplayable: Tournament reverts to a 36 Hole Event with the Final Results being based on the standings after the Second Round.
- (iv) Any Two Days Rained Out or Unplayable: Tournament reverts to an 18-Hole Event with the only round being played as scheduled for the First Day. In this case, a winner will be declared at each site and each shall share equally in the purse. A playoff, between the winners, will then be scheduled to determine the winner of the title.

NOTE: The New England Section Tournament Committee in conjunction with the New England Section Executive Director reserves the right to alter any of the above procedures in order to conform to PGA of America regulations in regard to determining the qualifiers for the PGA Professional National Championship.

- (c) The following guidelines are for use by the Rules Committee in case of bad weather:
1. When unplayable conditions occur, play shall be suspended.
When conditions become playable, play will then be resumed, even when that round cannot be completed that day. Play may be resumed the following day to include completion of the next scheduled round.
 2. Every effort shall be made to finish each round as scheduled.
 3. In the event of a suspension during the final round, the round shall be canceled if more than half the field is unable to complete the round. If more than half the field completes the round, play should be temporarily suspended and completed when conditions permit. Consideration of this procedure would depend upon availability of the golf course. If the round cannot be completed, scores will revert back to the previous round.

Section 9. Policy Regarding Ties

In all Championships, should two or more Professionals tie for first position (except as noted in specific events in [Article X; Section 2](#)) the tie will be resolved by a hole by hole playoff. If more than two competitors tie, all competitors other than the winner will be declared joint winners of second place and share equally in the purse to be distributed. Professionals tying for other positions will share equally with others posting the same score. If Professionals are tied for a position resulting in equal distribution of prize money that would result in a payout of less than \$50.00, positions of those tied would be resolved by a match of cards, based on the current recommended USGA method, i.e.;

Best total score for the last nine holes (10-18), if still tied last six holes (13-18), if still tied last 3 holes (16-18) and finally if still tied the 18th hole, at the designated Host Course, of the final round, until the results are so determined to bring the payout to \$50.00 or greater per competitor.

In Championship events that involve amateurs in a gross and net team format, pooling of prize money may be applied to provide equity for a team that is tied for both the same gross or net position.

Section 10. Prize Fund Distribution

The prize fund for distribution shall be the total of entry fees, plus the guaranteed added money, less any expenses as determined by the NEPGA Tournament Committee. These expenses will include an NEPGA deduction. The Tournament Committee, Executive Director and the NEPGA Tournament Director will jointly finalize the Prize Fund Distribution and post said distribution at the event.

Section 11. Yardage Policy

Men shall play from the tee markers designated by the Committee. Women's overall yardage should not exceed 85%, with each hole playing approximately 78-92% of the men's yardage. This is in accordance with the PGA of America's yardage policy.

In Pro-Am events with gross and net divisions, if a team wins both a gross and net position, that team automatically wins gross, unless it is a net event. - (c) A player must have played in at least one Stroke Play Series event to qualify for the finals (only playing in their Chapter Championship is insufficient to qualify).

The Top 54 point earners will be invited to compete in the Stroke Play Series Finals. If any player(s) in the top 54 is unable to play, invitations will be extended down the points list (starting with #55, in order), until the entire 54 player field is filled.

Stroke Play Series Points Reset: Upon completion of the regular season (Stroke Play Series and Chapter Championships), the points list will be reset based upon the points breakdown established by the Tournament Committee. Reset points will be assigned based upon regular-season standing (e.g. if the #55 ranked player makes it into the 54th slot in the finals, they will receive 55th place points, not 54th).

The Stroke Play Series Champion and final standings will be determined by reset points added to any points earned in the Stroke Play Series Finals.

Any ties for first place in the Finals tournament, or first place in the final Stroke Play Series standings will be broken by a hole-by-hole playoff.

Annual Senior Player of the Year Award

An annual Senior Player of the Year will be named based upon season-long performance in individual stroke play events in the Section tournament schedule. In order to be eligible for Senior Player of the Year Points, the player must be at least 50 years of age on the date of the event. The current point distribution table for eligible events is available on the New England PGA website.

NEPGA Section Hole-in-One Pool

The NEPGA will conduct a hole in one pool each year, with the entire pool being paid out for any holes-in-one made in eligible events throughout the season. The Pool is open to NEPGA Class A Members in good standing. For a tournament to be eligible, it must be open to all Class A NEPGA members and conducted by the NEPGA. Chapter tournaments are not eligible for the Section Pool.

If multiple holes-in-one are made in a season, the Pool will be split equally between eligible players, and paid out following the final event of the season. If there are no holes-in-one made during a season, the pot will carry over to the following season. Players must re-join the pool each year to be entered in the Pool for the current season.

Note: the round at the Cradle in the Pinehurst Pro-Am is not eligible for the Hole in One Pool.

NEPGA Skins Games

In events where the NEPGA administrates a skins game, the player or side that records the single lowest score on a given hole wins a skin (e.g. if only one player makes a birdie on the 1st hole, and all other players make pars or worse, the player who made birdie wins the skin).

Skins are only awarded for scores of birdie or better (par or worse can not win a skin, even if it's the sole lowest score on the hole).

Players are not automatically entered into skins games unless otherwise informed by Section Staff. Birdies or better made by players who did not enter the skins game can not count as winning skins, nor can they cancel or "squash" a score made by a player who did enter the skins game.

When nobody wins a skin on any particular hole, that skin does NOT carry over to the next hole.

Any skins prizes will be shared equally among all players who won a skin for that round.

1. Tiebreaking When No Skins "Live:"

- a. In the event that no player or side achieves the sole lowest score on any hole (i.e. no skins "live"), the game will revert to the least-birdied, or least-eagled hole. For example, if no holes have only one birdie or better, but one hole has only two birdies, both players or sides who made birdie on that hole will share in the prizes equally.
- b. In the event that, for example, there are two birdies on one hole, and two eagles on another, all four players or sides will share in the prizes equally.
- c. In the event that, for example, there are two birdies on the 1st hole, and three eagles on the 2nd hole, the players who made the birdies on hole #1 will share in the prizes equally; the players who made eagles will not win skins, as hole #1 will be considered the more difficult hole relative to the rest of the field's performance.
